

**Reid Harper**  
Superintendent

Reid's role as a Paramount superintendent includes responsibility for the daily operations of a construction site from planning projects to overseeing their completion. Foremost is his goal of ensuring projects are delivered successfully and on time.

His duties vary depending on the type of construction each business conducts. In any situation, he's remains steady under pressure and keeps clients at ease. His responsibilities include: planning the construction process; overseeing inspections; overseeing the established design;

monitor costs and ensure the project is on budget and scheduling guidelines, planning, organizing, directing and controlling activities on the the site; conducting audits; maintaining a safe, clean and orderly job site; insuring work corresponds with blueprints or client requests, and monitoring safety and compliance.

Reid's background is rooted in the construction business inherited from his father who specialized in building high-end custom homes. He understands the fine details and strives for the finest craftsmanship in all of his team's work.
